

Features / Performance

Specifications

Machine type vertical collator

|                                      |   |
|--------------------------------------|---|
| The number of bins                   | 10 bins/tower   |
| Maximum number of towers connectable | 6 towers  |
| Feeding system                       | Belt suction feed system                              |
| Conveyance system                    | Roller belt conveyance system                         |
| Maximum paper loading volume         | 65mm (2.56inches)                                     |
| Paper size (W x L)                   | 105x148 to 350x610mm (4.13x5.83 to 13.77x24.01inches) |

\*When the length is 508 or more, width is 200 to 230mm

|              |                                 |                                   |
|--------------|---------------------------------|-----------------------------------|
| Paper weight | Cover sheet                     | Fine quality paper : 52 to 300gsm |
|              | Art/Coated paper : 79 to 300gsm |                                   |

|             |                                   |
|-------------|-----------------------------------|
| Inner sheet | Fine quality paper : 52 to 157gsm |
|             | Art/Coated paper : 79 to 157gsm   |

- Paper type  Sheet
- Single-folded (Below 80gsm / within 10 bins)
- Cross-folded (Below 80gsm / within 5 bins)

|                       |                                      |
|-----------------------|--------------------------------------|
| Maximum Process Speed | 10,000sets/h (A5LEF)                 |
| Error detection       | <input type="checkbox"/> Double-feed |

- Mis-feed
- Paper jam
- No paper
- Conveyance path paper jam
- Conveyance path door open/close

|                              |  |
|------------------------------|--|
| Rating and power consumption | 220-240V, 50/60Hz, 5.3A, 980W                            |
| Dimensions (W x D x H)       | Single tower : 765x830x1,972mm (30.12x32.68x77.64inches) |

1 tower+LUL-HM: 1,395x830x1,972mm (54.92x32.68x77.64inches)

|        |                 |
|--------|-----------------|
| Weight | 297kg (654.8lb) |
|--------|-----------------|
